

MINUTES OF THE MEETING  
OF THE BOARD OF TRUSTEES OF  
RECLAMATION DISTRICT NO. 2026 (WEBB TRACT)  
HELD ON WEDNESDAY, FEBRUARY 28, 2024

Upon Notice to and consent by the Trustees of Reclamation District No. 2026 (Webb Tract), of the County of Contra Costa, State of California, a Meeting of the Board of Trustees was held at the offices of the District, at 343 East Main Street, Suite 715, Stockton, California on Wednesday, February 28, 2024, at 12:00 Noon.

There were present and absent the following named Trustees, to-wit:

PRESENT

DAVID A. FORKEL  
RUSSELL RYAN

ABSENT

RANDALL NEUDECK

There was also present Pamela A. Forbus, of the Law Offices of Hoslett and Forbus, Attorneys for the Reclamation District; Nate Hershey and Kelsey Gill, of the firm MBK Engineers, the District's Engineer; Angela Carter, the District's bookkeeper; Andrew Petrini, the District's Superintendent; and David Bradshaw, with MWD. Jack Cronin with MWD, joined the call via video conference.

Following the Roll Call, a quorum was declared present, and the meeting was called to order.

The Minutes of the meeting of the Board of Trustees held on January 24, 2024, were considered and upon motion made and seconded, it was:

RESOLUTION APPROVING MINUTES

RESOLVED AND ORDERED by the Board of Trustees of Reclamation District No. 2026 (Webb Tract), as follows:

1. That the Minutes of the meeting of the Board of Trustees of Reclamation District No. 2026 (Webb Tract) held on January 24, 2024, be and the same are hereby approved.

ROLL CALL:

Ayes: Trustees Forkel and Ryan  
Noes: None  
Absent: Trustee Neudeck

Upon Roll Call, the foregoing Resolution was declared unanimously passed and adopted.

The Trustees were presented with the financial report for the District. The Trustees discussed the ratification and approval of warrants and checks issued in payment of obligations of the District. Upon motion duly made and seconded, it was:

RESOLUTION RATIFYING AND APPROVING WARRANTS  
AND CHECKS IN PAYMENT OF CURRENT OBLIGATIONS

RESOLVED AND ORDERED by the Board of Trustees of Reclamation District  
No. 2026 (Webb Tract), as follows:

1. That the Warrants and Checks written since the meeting held January 24, 2024, and presented to the Trustees at this February 28, 2024, meeting are hereby ratified, approved and authorized, a copy of which shall be attached to the minutes of the meeting, and which is incorporated by reference, are hereby approved.

ROLL CALL:

Ayes: Trustees Forkel and Ryan  
Noes: None  
Absent: Trustee Neudeck

Upon Roll Call, the foregoing Resolution was declared unanimously passed and adopted.

The Trustees were advised that, with the payment of the current obligations of this Reclamation District, there was a balance on hand in the general account in the sum of \$<8,815.93> and holds \$350,000.00 in registered warrants with the Bank of Stockton.

The Engineer presented the Trustees with a written report prior to the meeting, which included the following matters:

1. The Engineer reported on the District's participation in the Delta Levee Subventions Program, as follows:
  - A. Fiscal year 2022-23: The District submitted an application for participation in the Program in the amount of \$665,000. A total of \$12.5 million has been approved by the Central Valley Flood Protection Board for FY 2022-23. A final claim was submitted in the amount of \$414,596.01.
  - B. Fiscal year 2023-24: The District submitted an application in the Program in the amount of \$665,000. A total of \$13 million has been approved by the Central Valley Flood Protection Board for FY 2023-24.

- C. Fiscal year 2024-25: Applications for the Program are due April 1. Subject to Board approval, the Engineer will submit an application similar to the submittal for the prior fiscal year.
  - D. Future Subvention Funding: DWR has indicated that funding has not been secured yet for fiscal years 2025-26 and beyond. Delta advocates, including the CA Central Valley Flood Control Association and others, are considering ways to increase awareness and gain support for securing funding for this highly successful and vital program. The Engineer has prepared a draft funding request letter for the RD to consider and possibly submit to state legislators.
- 2. Annual Maintenance: The Engineer provided the Trustees with a list of the current maintenance items that the District is tracking.
  - 3. FEMA: The District claim is currently under review at FEMA. MBK will continue to check in with FEMA personnel regarding status updates. The total claim amount is \$65,256.11.
  - 4. SB 88: All Phase 4 meters have been installed and certified by MBK Engineers. Data is currently being collected at 37 sites across all four islands. MBK will continue to monitor all sites monthly during the winter season and weekly during the irrigation season via Wildeye's website. All Wildeye units are currently working with the exception of Bouldin Island siphon No.30, which was damaged by driftwood (equipment will be reinstalled when Phase 5 installation occur at nearby siphons). All meters are currently working, with the exception of Bouldin Island Siphon No. 2, which stopped functioning due to water damage (a new complimentary meter was provided by Technoflo and will be replaced during the Phase 5 installation). MBK was made aware that strong winds have displaced some Wildeye unit solar panels across the islands. A review of battery levels on Wildeye's website did not give indication of solar panel state, therefore MBK has coordinated with MWD who will execute a visual inspection of the sites. All Phase 5 flow meters were delivered and inventoried January 4 on Bacon Island. MWD is preparing a bid package and will be requesting bids in March for meter installations. The Phase 5 telemetry equipment has been purchased, and will be delivered at the time of installation, following flow meter installations at each site. MBK prepared and submitted an updated Request for extensions of time for each island for measurement compliance through December 31, 2025, and received approval from Delta Watermaster on November 9, 2023. Therefore, MWD's and the RDs' water rights are in measurement compliance under an approved extension of time until equipment installations and certifications are completed. MBK prepared Water Year 2023 annual water rights reports consistent with prior years, using a hybrid approach that included flow meter data when it was available

and Open ET data when it was not. MWD reviewed and submitted the reports by the February 1, 2024 deadline.

MWD and MBK continue to participate in the Delta Consortium. The February 8 Consortium meeting focused on preliminary design of diversion and related consumptive use correlation research projects, including a presentation by MWD and MBK on their preliminary OpenET vs Siphon Diversion analysis. MBK will continue to support these efforts by preparing a summary technical report, and providing data and analysis as needed.

The Chairman presented a report on behalf of the District Superintendent and reported that the pump repairs have occurred.

The Trustees were advised that the Ferry is currently running well and everything looks good.

The Chair asked for Public Comment. There being no one wishing to address the Board of Trustees, the Public Comment session was closed and there being no further business to come before the Board, the meeting was adjourned.

---

PAMELA A. FORBUS, Secretary  
Reclamation District No. 2026 (Webb Tract)

Minutes of the Meeting  
held on February 28, 2024,  
are hereby approved.
