RESOLUTION RATIFYING AND APPROVING WARRANTS
AND CHECKS IN PAYMENT OF CURRENT OBLIGATIONS

RESOLVED AND ORDERED by the Board of Trustees of Reclamation District No. 2026 (Webb Tract), as follows:

1. That the Warrants and Checks written since the meeting held on March 17, 2021 and presented to the Trustees at this April 14, 2021 meeting are hereby ratified, approved and authorized, a copy of which shall be attached to the minutes of the meeting and which is incorporated by reference, are hereby approved.

ROLL CALL:

Ayes: Trustees Forkel, Neudeck and Ryan
Noes: None
Absent: None

Upon Roll Call, the foregoing Resolution was declared unanimously passed and adopted.

The Trustees were advised that, with the payment of the current obligations of this Reclamation District, there was a balance on hand in the general account in the sum of \$84,101.50 and \$406,935.16 was being held at the County Treasurer in the District's Local Agency Investment Fund (LAIF) account.

The Engineer presented the Trustees with a written report, which included the following:

1. The Engineer reported on the District's participation in the Delta Levee Subventions Program, as follows:
 - A. Fiscal year 2019-20: The District submitted an application in the Program in the amount of \$500,000. DWR has lowered the Program funding amount to \$10 million for FY 2019-20. The District submitted a claim in the amount of \$128,134.02 for the fiscal year.
 - B. Fiscal year 2020-21: The District submitted an application in the Program in the amount of \$2,395,000. DWR has indicated that \$12 million is being committed to the Program for FY 2020-21.

- C. Fiscal year 2021-22: The District submitted an application in the Program in the amount of \$665,000. DWR has stated that they will be seeking \$10 million for the Program for FY 2021-22.
2. Annual Maintenance: The Engineer advised the Trustees of the maintenance items that the District is currently tracking.
 3. Five Year Plan: Work on the Five-Year Plan is currently in progress. The Engineer has distributed a draft plan to the Trustees and have addressed the comments received to date. A draft of the Plan has also been sent to DWR staff for comment. DWR has extended the expiration date of the funding agreements to December 31, 2021.
 4. SB 88: Work under Phase 3 of the measurement experiment has been extended and is currently underway. Phase 3 efforts primarily involve installing 8 additional flange magnetic meters on the water side of the highest use siphons, with at least one flow meter on each island. MWD has received the new equipment which is currently stored on Bacon Island. A pre-bid walk through on Bouldin Island occurred on March 3, 2021. MWD has since identified Gornto Ditching as the selected contractor. MWD and MBK will work with Gornto Ditching to schedule the flow meter installations for Phase 3 of the measurement experiment once the contract is awarded and MWD issues a notice to proceed.
MWD and the RDs are in compliance for calendar year 2021 under an approved extension of time. Current direction by MWD is to proceed with strict compliance. Therefore, MBK is currently developing a draft plan for compliance, which will include a combination of flange magnetic meters installed on the water side for the largest and highest use siphons and alternative measurement methods at the smaller, less frequently used siphons. MWD and MBK met towards the end of March to discuss the draft plan and potential alternative measurement methods. MWD will schedule a follow up meeting to discuss specific plans for each siphon.
Development of the Delta-wide ACP by the Delta Measurement Experiment Consortium to utilize Open ET for measuring and reporting diversions continues. MBK and MWD continue to participate in the Consortium and will provide feedback on the future development of this ACP as needed. The next Consortium meeting is scheduled for April 29, 2021.

Dave Forkel, the District's representative on the Delta Ferry Authority, advised the Trustees that the Delta Ferry Authority is applying to receive federal grant funding to improve the ferry landing.

The Chair asked for Public Comment. Nate Hershey shared a video with the Trustees of a large ship that passed by Jersey Island at an unsafe speed and over-topped the levee and deposited large trees and debris on the landside of levee. Nate said he as contacted the Port asking that they work with the ship pilots asking that they keep to a safe rate of speed when travelling through the Delta waterways.

There being no further business to come before the Board, the meeting was adjourned.
